

AcaStat Plus

Quantity Order Form

AcaStat

Statistical software for students, researchers, and managers. Easy-to-use tools for quick analysis of data whether you enter it yourself, use a spreadsheet, or maintain a database. Copy data from spreadsheets, database tables, import text files, or enter data directly into the spreadsheet to quickly produce basic statistical analyses. Create crosstabulations, descriptive statistics, and conduct basic significance tests. Export output directly to MS Word or Excel.

System Requirements

- Microsoft Windows 98 or more recent
- Pentium 700mhz/128 Mb RAM
- Download file size 15 MB
- CD/DVD drive required for mini CD installation (not for slot loading CD trays)
